INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1947 edition of the Gastonia City Directory, which also includes Arkray Mills Village, Arlington Heights, Arlington Mills Village, Armstrong Deveopment, Brookwood, Dixon Mills Village, Fairmont Park, Flint Mills Village Nos. 1 and 2, Forest Hill, Groves Mills Village, Hillcrest, Linwood Park, Mutual Mills Village, Myrtle Mills Village, Osceola Mills Village, Ruby Mills Village, Seminole Mills Village, Victory Mills Village, West View Heights and Winget Mills Village.

Confidence in the growth of Gastonia's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gastonia to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gastonia Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 29 to 617, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gastonia and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 80, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Gastonia and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Gastonia, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 701 to 760, on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the

daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, covers pages 761 to 827. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Gastonia and vicinity.

The Gastonia Directory Library

Through the courtesy of the publishers of the Gastonia City Directory, a Directory Library is maintained in the offices of the Gastonia Chamber of Commerce, for free reference by the general public. This is one of more than 500 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

GASTONIA

"THE COMBED COTTON YARN MANUFACTURING CENTER OF AMERICA"

(Courtesy Gastonia Chamber of Commerce)

Statistical Review

Form of Government—City manager-council (Plan D).

Population—1940 U. S. Census for city proper, 21,313; Greater Gastonia, 33,487. Present estimated population, Gastonia, 24,000; Greater Gastonia, 39,000. American-born, 99.3%. Predominating nationality of foreign-born residents, Greek.

Area—4.3 square miles.

Altitude—825 feet above sea level.

Climate—Mean annual temperature, 60.2 degrees F.; average annual rainfall, 46.05 inches.

Parks—4, with total of 61 acres, valued at \$85,000.

Assessed Valuation—\$22,835,290, with \$1.15 per \$100 tax rate.

Bonded Debt—\$2,103,000 gross; \$1,264,500 net.

Financial Data—2 banks, with total assets of \$26,978,-513.35 (June 30, 1946). 2 building and loan associations, with total assets of \$2,494,928.40 (Aug. 31, 1946).

Postal Receipts—1930, \$65,841.25; 1940, \$102,002.45; 1945, \$224,070.95.

Telephones in Service—4,671.

Churches—29, representing 12 denominations.

Industry—Chief industry of city and surrounding territory is textile manufacturing. Total of 142 manufacturing plants of all classifications, with annual payroll of \$25,000,-00. Principal manufactured products: Cotton yarn, textile machinery, sewing thread, tire fabric, bedspreads, and numerous other textile and miscellaneous products.

Trade Area—Retail area has radius of 25 miles, with over 250,000 population.

Newspapers—1 daily.

Radio Stations—WGNC, 250-watt, dial 1450.

Hotels—4, with total of 240 rooms.

Railroads—3: Southern, Carolina & Northwestern, and Piedmont & Northern (electric).

Highways—U. S. 29, 74 and 321.

Airports—1 landing field on outskirts of city, 1 airport, and 2 airports near Charlotte, about 15 miles distant.

Amusements—Largest auditorium in city seats, 1,654 persons. 5 motion-picture theatres, with total seating capacity of 3,200 persons. 2 golf courses.

Hospitals—4, with total of 294 beds.

Education—10 public schools, with 5,844 pupils enrolled, and 184 teachers. Value of public school property, \$1,750,000.

Public Libraries—1, with 41,000 volumes and 363,000 circulation.

City Statistics—Total street mileage, 56, with 33 miles paved and several miles under construction. Miles of gas mains, 87; sewers, 72.33; electric street railway, 4. Number of water meters, 5,017; light meters, 5,221; gas meters, 1,205. Capacity of water works, 4,500,000 gallons; daily average pumpage, 3,600,000 gallons; miles of mains, 75; value of plant, \$1,142,999.38. Number of fire hydrants, 404; street lights, 726. Fire department has 32 men, with 2 stations and 6 pieces of motor equipment. Value of fire department property, \$72,000. Police department has 36 men, with 1 station and 6 pieces of motor equipment.

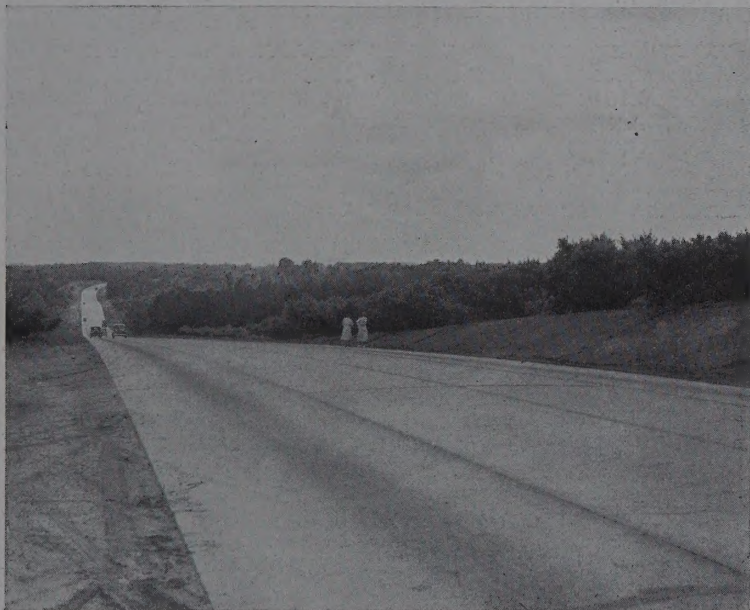

The Heart of Growing Gastonia's Business District

History and Location

The area of which Gastonia is the trade center began to be settled about the year 1735 by Scotch-Irish and Germans who had previously settled temporarily in Pennsylvania. These sturdy pioneers were attracted by the genial climate, the numerous springs and streams, and the fertile, virgin soil. It should be said in testimony of their fairness and right living that the powerful tribe of Catawba Indians, into whose midst the settler came, assumed a friendly attitude toward their white brothers and often fought with them against other Indian tribes and also in their conquests for freedom during the Revolutionary War. It is not surprising to find from the pages of history, therefore, that the battle of Kings Mountain, the turning point of the Revolutionary War, should have been fought twenty miles

Gastonia City Hall

Scene on the Famous Wilkinson Boulevard (U. S. No. 29) Leading East from Gastonia, Sixty Feet Wide, Four Traffic Lanes, Carrying the Heaviest Traffic of Any Highway in the State of North Carolina

from Gastonia by those early pioneers who prized their religious and political freedom so highly.

Romantic Growth

The manufacturing industry began to develop in this community in 1848 when the Mountain Island and Woodlawn cotton mills were built. During the next 24 years only one other industry came into being, and it was not until 1872, after the War between the States, that real industrial development began. In 1888 there were eight manufacturing plants in the county.

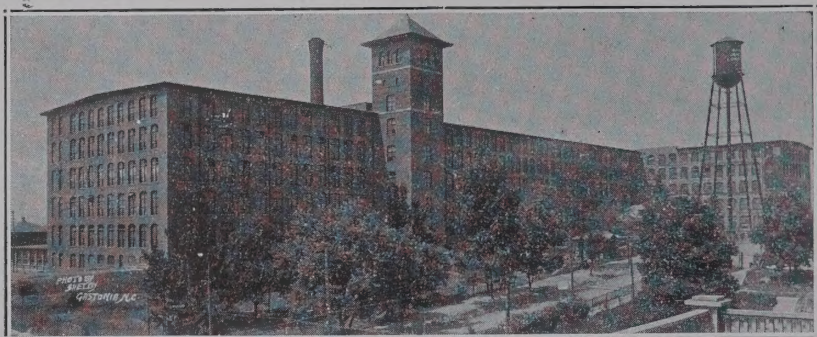

It was in 1872 that the first railroad was built through Gaston County, making available to the manufacturers of the area raw material supplies and the consuming markets of the world.

Gastonia was a cross-roads village 65 years ago, with a population of 236. It was incorporated as a town in 1877, and the charter was amended in 1910, changing the name from the Town of Gastonia to the City of Gastonia.

Each decennial census has recorded a marvelous growth in population. Population figures since 1880 have been as follows: 1880, 236; 1890, 1,033; 1900, 4,610; 1910, 5,759; 1920, 12,871; 1930, 17,093; 1940, 21,313; 1946, estimated, 24,000.

Industrial Supremacy

Today Gastonia has 56 textile manufacturing plants, with 600,000 spindles, and an average daily payroll of approximately \$71,000.

One of the Largest Tire Fabric Plants Under One Roof in the World,
Located in Gastonia

Gaston County at the present time has over 150 textile plants, not to mention the various other smaller and allied manufacturing establishments.

Today the sons of the early pioneers are still carrying on with native-born Americans as employees, with complete understanding of each other and an absence of friction in industrial relationship. According to the 1940 U. S. Census, only .7% of Gastonia's population was foreign-born. This enviable position, together with other favorable factors of climate, location, etc., induced the Firestone Cotton Mills to locate their Southern tire fabric manufacturing plant in Gastonia in 1935.

Industrial products of the county include: Cotton yarns, tire fabric, textile machinery, sewing thread, bedspreads, crocheting and knitting yarns, labels, gears, weavers' knot-
ters, roller covering, dress goods, sheeting, leather belting,

Gastonia—A City of Beautiful Homes

silk, rayon, mattresses, furniture, textile supplies, hosiery, shoe laces, Army uniform cloth, miscellaneous ordnance materials, oil filter refills, damask, novelties, and other articles.

Transportation and Utilities

Gastonia is on the main double-track line of the Southern Railway from New York to New Orleans and is also served by the Carolina & Northwestern and Piedmont & Northern railways. Also serving Gastonia are several highways, including U. S. Highway No. 29, the "Main Street of the South," and U. S. No. 321. Three bus lines and numerous motor-freight and express companies operate in all directions from Gastonia. Gastonia is only twenty minutes from the Charlotte airport, which is served by the Eastern Air Lines from New York to New Orleans. These facilities provide convenient and rapid transportation of passengers, freight and express in a few hours to the great centers of the U. S. Gastonia has one landing field on the outskirts of the city and one airport, and there are two airports near Charlotte, about 15 miles distant from Gastonia.

Industry cannot thrive without adequate power, and in this respect Gastonia is particularly fortunate. In close proximity to the Duke Power Co., with several of its mammoth hydro-electric steam auxiliary plants located in Gaston County, ample electric power is available at low rates. The quality of service available and the economical rates for users of electricity are highly important factors in considering Gastonia as a place of residence, or for the location of a business or industry.

Financial Features

North Carolina has no ad valorem property tax. The City of Gastonia rate is \$1.15 per \$100, and the Gaston County rate is 75c on \$100 valuation. With municipal property valued at over \$2,500,000, Gastonia has a net bonded debt of \$1,264,500.

Gastonia has an adequate and modern water plant with clear water source.

Electricity is purchased wholesale from the Duke Power Co. and retailed by the City to residential and industrial users.

The average fire loss during the past five years has been less than the expenses of the Fire Department, and the per capita fire loss is far below the national average.

Closely allied with the city's favorable financial position in reference to industry, there should be mentioned also North Carolina's stable government, which is fair to capital, fair to labor, and possesses a sympathetic understanding of industry.

Gastonia's financial institutions, consisting of two strong national banks and two thriving building and loan institutions, afford ample facilities throughout this trade area.

Civic Life

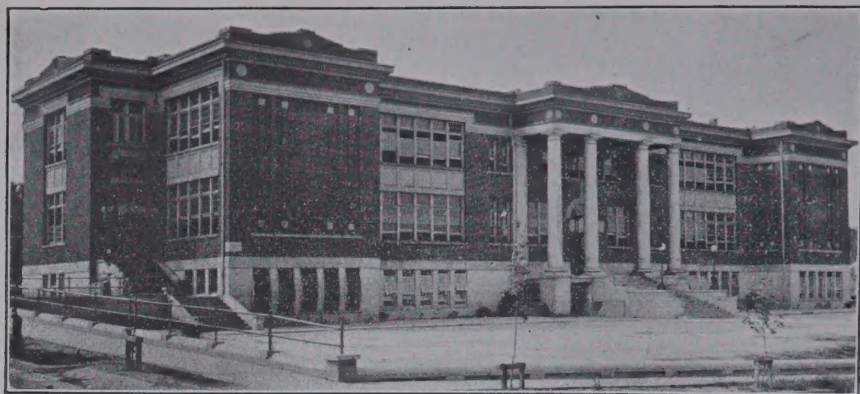

The moral atmosphere of any city is indicated by the facilities which it has provided for religious worship. Gastonia is a church-going city, with 29 churches representing practically all the well-known denominations—Protestant, Catholic and Jewish.

Gastonia's Magnificent New High School Plant, One of the Largest and Best Equipped in the State

The Only Cathedral Abbey in the U. S., Ten Miles East of Gastonia

One of Gastonia's Seven Elementary Schools

Municipal Golf Course, Gastonia

Gastonia is also proud of its school system, which consists of ten modern school plants, with property valuation of \$1,750,000, an enrollment of 5,844.

Gastonia has two splendid general hospitals for white people and one for Negroes. In addition, there is located here the North Carolina Orthopedic Hospital, the only State-owned and State-maintained institution of its kind in the Southern States. It has provisions for inmates of both races.

Gastonia has one modern hotel and several smaller hostelries, several large apartment houses, and a number of good private boarding houses. Five modern theatres, with total seating capacity of 3,200, afford ample amusement facilities.

Partial View of North Carolina Orthopedic Hospital

The value of healthy civic clubs is thoroughly appreciated in Gastonia. Strong units of Rotary, Kiwanis, Civitan, Lions, Altrusa and Pilot clubs are rendering valuable service to the city. An elegant club building is owned by the Gastonia Woman's Club, and the leading fraternal organizations are represented. A splendid clubhouse, golf courses, swimming pools, tennis courts, parks and playgrounds afford ample opportunities for healthful recreation.

For the prospective resident, Gastonia is favorably situated in many ways. While the city is located near the busy marts of trade, in less than three hours of travel by automobile a Gastonian can be in the incomparable scenery of the mountains of western North Carolina, the "Land of the Sky." In three hours he can journey to the famous Pinehurst and Southern Pines winter resorts. The famous Atlantic beaches can be reached in five or six hours. One night of travel will place him in most of the big Eastern cities.

Trade Area

Based on the 1940 U. S. Census, the population in a 75-mile radius of Gastonia was approximately 1,700,000, with a spendable money income of over \$500,000,000.

Although the trucking industry has been developing rapidly, Gaston County still imports thousands of dollars' worth of food that could be raised profitably in the county.

Opportunities

The city's industrial population challenges the farmers of the country to grow food and feed crops.

Dairying and poultry farms have made notable strides in the last few years, but the possible field of development has just begun.

Fruit-growing has become an important item in Gaston County. No finer peaches can be grown anywhere, and an ample market is close at hand.

The natural advantages which induced the pioneer forefathers to locate here still exist and, with the addition of the vast industrial empire and the phenomenal growth in population, the advantages have been augmented.

Kings Mountain Monument—One of the Several Monuments at Kings Mountain Battleground, Now a National Military Park Twenty Miles West of Gastonia. Thousands of Tourists Visit This Historic Spot Every Year

Memorial Hall—Gastonia's Gift to Her Veterans of All Wars—Dedicated 1930

The above legend is only a brief summary and contains only a few of the high-lights of the many opportunities, industrial and otherwise, that exist today in Gastonia and Gaston County. Those desiring to take advantage of the opportunities offered by this hustling Piedmont city of the New South are cordially invited to write directly to the Chamber of Commerce at Gastonia.

Out of Sight - Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

Use Our Library of

**OUT-OF-TOWN
CITY DIRECTORIES**

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

ON EARTH

CITY DIRECTORY ADVERTISING IS *National* ADVERTISING

★ Each edition of your City Directory is widely distributed to free-reference City Directory Libraries located at the Chambers of Commerce of hundreds of other cities.

***Therefore your ad in the City Directory
is seen by buyers from coast-to-coast***

IF YOU ARE IN A

BUSINESS FOG

IN THE AFTERMATH OF WAR

● Let the City Directory help guide you to reorientation. It is the natural key to things as they are after the great upheaval. A recent Directory will provide the basis by which business can obtain a new grip on markets and a new appraisal of prospects. Pre-war guides of nearly all kinds are deadlier than a dodo today. Business now enters a new era of great possibilities. The City Directory hews to the line without propaganda, and new editions of this service reveal the great physical changes that have come over cities and communities during the past five years.

Business Men Need Such Information in Such Times!

CLASSIFIED BUYERS' GUIDE OF THE CITY OF GASTONIA (NORTH CAROLINA)

1947

The Buyers' Guide contains the advertisements and business cards of the more progressive business men and firms in the city, classified according to lines of business.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! — CLERKS! —

*Do your employers furnish you with
the latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

FINE FURNITURE

*Does Not Necessarily Cost
a Great Deal*

The satisfaction gained from dressing up the home with modern furniture, carefully selected to fit each room, is ample repayment on the installment. Even a few pieces can alter and enhance the present ensemble; odd corners can be dressed up and made comfortably livable.

HOUSE PAINT

This new House Paint is a combination of Lead, Zinc and Titanium Pigment, mixed with Pure Linseed Oil, Turpentine and a sufficient amount of Japan Drier. DeSoto House Paint has been proven after more than forty years service to Southern home owners.

BEST TO USE EACH TIME YOU PAINT

Paint regularly every three, four or five years with DeSoto House Paint and you will keep your home young-looking all the time. Ask your banker and he will tell you that a well painted home is always worth more money. This is why we say—"DeSoto Paint Costs Nothing For It Saves More Than It Costs."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Please! Do Not Lend Your CITY DIRECTORY IT COSTS YOU MONEY—Every Time It Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

THE PUBLISHERS

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

1. **DEMAND PROPER IDENTIFICATION.** Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. **BE SURE** some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. **PRINT** your name clearly on your mail box. **EQUIP** your mail box with a lock if you have not done so.
3. **CASH** your checks in the same place each month. This will make identification easier.
4. **DO NOT ENDORSE** your check until you are in the presence of the person you will ask to cash it.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.**

HILL'S GASTONIA

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1947

Copyright, 1947, by Hill Directory Co., Inc.

In the following list the streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The Δ preceding names denotes householders and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.
